

## **Lead, Procurement (40868)**

***Location: Saskatoon, SK***

### **About Us**

Cameco is one of the largest global providers of the uranium fuel needed to energize a clean-air world. Utilities around the world rely on our nuclear fuel products to generate safe, reliable, emissions-free nuclear power. Cameco's corporate office is based in Saskatoon. We have mining operations and projects in northern Saskatchewan, Kazakhstan, the United States and Australia. We are also a leading supplier of uranium refining, conversion, and fuel manufacturing services from our operations in Ontario.

### **The Role**

**In this role, you will:**

- Coordinate and lead a subset of members of the project procurement team, providing guidance, mentorship, setting expectations and managing performance
- Manage your team's workload and resources to meet project objectives, supporting the development of contracts within your teams for timely execution and delivery of goods and services for sustaining capital projects
- Be responsible for, and support your team in, the development of contracts for timely execution and delivery of goods and services for all Canadian operations and corporate functions.
- Work closely with capital project teams, contracts administrators and site stakeholder teams to plan and execute procurement and contracting activities
- Guide and advise your team members, as well as stakeholders, on procurement best practices and solutions to achieve project deliverables
- Collaborate with project teams to develop sourcing and contracting strategies for all goods and services needed to deliver assigned projects
- Develop and initiate requests for information, quotations and proposals, evaluating bids, completing award recommendations, contract conformance and execution in compliance with Cameco's policies, standards and codes
- Consult with internal legal counsel to negotiate terms and conditions and advise stakeholders.
- Negotiate and resolve disputes with vendors and contractors

**Required:**

- Bachelor's degree in commerce or engineering
- A minimum of seven years of experience, specifically in supply chain management
- Extensive experience in negotiating, developing, and executing large contracts for consulting services, construction, and complex equipment.
- Procurement experience supporting capital projects, applicable bidding experience in the Canadian Market and excellent analytical, organizational and communication skills
- Equivalent combination of education and work experience considered

**Recommended:**

- Preference for SCMP and APICS certification
- Previous experience with SAP or Similar ERP System

**Cameco is proud to offer a competitive total reward package which includes:**

- Competitive compensation program with base and variable pay
- Flexible health, drug, dental, and vision plan with a health spending and personal spending account
- Fixed benefits including employee and dependant life, AD&D, disability benefits and paid vacation leave
- Employee & Family Assistance Programs
- RRSP and RPP matching program
- Career development opportunities
- Relocation costs

Cameco is an employment equity employer and aims to achieve gender parity, and as such, preference will be given to qualified members of equity groups. We are strengthened by the diverse backgrounds of experiences and encourage applicants with various levels of expertise to apply, as equivalent combination of education and work experience are considered.
