

## **Manager, Procurement (40674)**

*Location: Saskatoon, SK*

### **About Us**

Cameco is one of the largest global providers of the uranium fuel needed to energize a clean-air world. Utilities around the world rely on our nuclear fuel products to generate safe, reliable, emissions-free nuclear power. Cameco's corporate office is based in Saskatoon. We have mining operations and projects in northern Saskatchewan, Kazakhstan, the United States and Australia. We are also a leading supplier of uranium refining, conversion, and fuel manufacturing services from our operations in Ontario.

### **The Role**

Reporting into the sr. director, procurement and materials management, this position is located at the Saskatoon corporate office. Cameco is looking for a motivated, team-oriented professional who values integrity, safety and the environment and strives to incorporate those values into their everyday achievements.

### **In this role, you will:**

- Develop highly qualified procurement personnel and provide continual monitoring and feedback for established goals and objectives. Ensure that all staff comply with company policies and procedures.
- Oversee team performance through key performance indicators and targets that are achievable and relevant to internal and external customers.
- Collaborate with internal and external stakeholders to guarantee timely and cost-effective delivery of materials and services to meet production schedules and operational requirements.
- Build relationships with internal stakeholders across the mining, fuel services, and corporate divisions to ensure corporate and operational needs are being met.
- Seamlessly manage day-to-day procurement operations in addition to meeting continuous improvement objectives to optimize the effectiveness of the team and future-proof the procurement process.
- Work with supply chain governance and enablement team to optimize the use of SAP S4/HANA and implement future procurement related digital tools. Serve continual improvement projects as a subject-matter expert and implementation agent.
- Monitor vendor/contractor performance and resolve any issues that arise regarding quality, performance, schedule of the work or financial problems relating to the contract along with the business unit end users.
- Implement and maintain vendor management and procurement strategies.
- Re-evaluate, establish and maintain service level agreements with operations, internal and external stakeholders.

### **Required:**

- Bachelor's degree in commerce/business or supply chain management
- Supply Chain Management Professional (SCMP) certification
- Minimum 12 years of experience in various areas of supply chain management
- Equivalent combination of education and work experience considered

- This position will require travel 15-25% on an annual basis

**Recommended:**

- CCA, PEng, PMP certification is considered an asset

**Cameco is proud to offer a competitive total reward package which includes:**

- Competitive compensation program with base and variable pay
- Flexible health, drug, dental, and vision plan with a health spending and personal spending account
- Fixed benefits including employee and dependant life, AD&D, disability benefits and paid vacation leave
- Employee & Family Assistance Programs
- RRSP and RPP matching program
- Career development opportunities
- Relocation costs

Cameco is an employment equity employer and aims to achieve gender parity, and as such, preference will be given to qualified members of equity groups. We are strengthened by the diverse backgrounds of experiences and encourage applicants with various levels of expertise to apply, as equivalent combination of education and work experience are considered.
